

Osnabrück - Hamburg, May 2014

The Meeting Diary

12nd May

In the morning we left Cassino towards Fiumicino to fly from there to Hamburg and finally to Osnabrück.

On our arrival we went once again to the *Dom Hotel*, chosen by our hosts right in the centre of the town and afterwards Andrea, Barbara, Helmut and Lynn were waiting for us for a welcome drink at the Spring festival.

We had a real German meal in a traditional large market, with every kind of

products... lots of typical music!!!!

13rd May

In the morning we met the Comenius colleagues in the *EMA Gymnasiums*. It is settled in an area of Osnabruck in which you can find nearly all the schools of the town.

EMA is a modern school, surrounded by an enormous garden. Inside there are many recreation areas and apart the big number of classes there are different areas reserved to various activities.

We started our working session afterwards the headmaster welcomed us.

In the late afternoon we went back to town and had a tour of the Spring Market, a very nice one in Osnabrück.

We had again a German meal in a traditional German Restaurant... very nice evening!!!!

14th May

At 9:30 we had in the Town Hall an official meeting with Osnabruck Mayor. We were led by the EMA School headmaster, there were also the German student who performed a little show and gave us a final report of the TMC.

In the afternoon we went to Hamburg and we visited the famous *harbor of*

Hamburg on the River Elbe. It is Germany's main port and the third port in Europe. It is among the first ports in the world as container traffic. It was a very interesting visit.

We went to the center of the town where we had a typical meal.

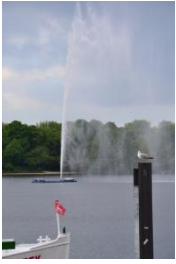

15th May

Again in Hamburg, in the morning we visited the large square with the town hall Rathausmarkt (Hamburger Rathaus) and the Miniatur Wunderland. It is the world's smallest model railroad and a spectacular reconstruction of some beautiful corners of Europe and other places around the world. Among the most beautiful sights there is also an airport with models of planes that seem really taking off really.

At the end our last cheers, greeted from our guests and sure that we were going to share the same emotions and friendship.

16th May

Last day in Hamburg. We went shopping and sightseeing. We visited the famous *ChileHaus* and in the afternoon we left to go back home.
